

EULO ICON G. SEXCION

Computer Science Student | Software Developer | Cybersecurity Enthusiast

+63 9093384269 | SmoothieUNVS@gmail.com | github.com/Smoothieunvrs |

PROFESSIONAL SUMMARY

Motivated 3rd-year Computer Science student with hands-on experience in full-stack web development, software engineering, and database-driven applications. Skilled in building responsive and functional systems using Laravel, PHP, JavaScript, React, Node.js, and Python. Passionate about cybersecurity, secure application development, and creating efficient solutions through clean and maintainable code. Seeking an internship opportunity to apply technical skills and contribute to real-world software projects.

TECHNICAL SKILLS

Programming Languages

- JavaScript
 - PHP
 - Python
 - SQL
 - Java
-

PROJECT EXPERIENCE

Abstrack Fitness Gym Management System

Full-Stack Developer

Developed a web-based gym management platform that improves daily operations through digital member management, attendance tracking, and administrative tools.

Technologies: Laravel, PHP, Bootstrap, MySQL

- Built system features for managing gym operations and user records.
- Developed database structures and backend functionality.
- Created responsive interfaces focused on usability and efficiency.

Ambaturide Ride Hailing System

Software Developer

Created a ride-hailing application designed to improve transportation services through digital booking and user management features.

Technologies: React, Node.js, JavaScript

- Developed frontend components and interactive user interfaces.
- Implemented application workflows and system functionality.
- Applied modern web development practices to improve user experience.

Diabetes Detection Machine Learning Model

Machine Learning Developer

Developed a machine learning model that analyzes health data to predict potential diabetes risks.

Technologies: Python, Scikit-learn, Pandas

- Prepared and processed datasets for machine learning analysis.
- Applied predictive algorithms to generate results.
- Evaluated model performance and improved data handling processes.

EDUCATION

Bachelor of Science in Computer Science

University of Mindanao

Expected Graduation: 2027

Relevant Coursework:

- Data Structures and Algorithms
 - Database Management Systems
-
